

BEAUMONT'S QUALITY TOOLS

CATALOG LISTINGS

EFFECTIVE APRIL, 1991

SPIRAL DRILL - This French-made Archimedean drill has a precision chuck which will hold #61-80 bits. By steadying the drill with one hand and running the central knob up and down the spiral, you can quickly and accurately drill holes in a variety of materials with increased control and reduced bit breakage.

ITEM #A-001

DRILL SET - These are high speed drills from #61-80 in a convenient covered stand. They are not to be confused with less durable carbon steel drills sold in a similar stand. These will stay sharp longer when used on abrasive metals and plastics. If you drill with power, these are a must.

ITEM #A-020

PRO-CUT - Specially formulated wax for use with drill bits, cutting burs, abrasive points, and model-makers', coping, and jewelers' saw blades. It helps achieve a smooth, catch-free cut which improves speed, accuracy and blade life. 2 oz. push-up tube.

ITEM #A-100

BALL-HANDLED PIN VISE - Handy size for tapping, reaming, etc. It comes with two collets that open from 0 to .089".

ITEM #A-101

COMBINATION SCREWDRIVER/PIN VISE

This 3½" screwdriver has two reversible collets which hold up to 1/8". Extra collet stores in handle.

ITEM #A-102

BROACHES/REAMERS - Six-piece set enlarges, cleans and cut holes from drill gauges 42-73. Knurled handle gives precise control in wood, metal, fiber or plastic.

ITEM #A-200

SOFT-FACE HAMMER - This hammer has a 9" wooden handle and is available in two head weights: 2½ oz. or 5 oz. Interchangeable faces are held securely by lock ring (wrench included). Hammer may be ordered with any two faces at no additional cost. Please list the item numbers of the two faces as well as the hammer on the order form.

2½ OZ. SOFT-FACE HAMMER

ITEM #A-150

BRASS FACE for 2½ oz hammer

ITEM #A-151

FIBER FACE (dense) for 2½ oz.hammer

ITEM #A-152

NYLON FACE (soft) for 2½ oz. hammer

ITEM #A-153

5 OZ. SOFT-FACE HAMMER

ITEM #A-155

BRASS FACE for 5 oz. hammer

ITEM #A-156

FIBER FACE (dense) for 5 oz. hammer

ITEM #A-157

NYLON FACE (soft) for 5 oz. hammer

ITEM #A-158

PRONGED TWEEZERS/GRIPPERS - Holds small objects securely. Release plunger in handle retracts wire jaws. 3-pronged gripper is best for round, oblong or hexagonal objects. 4-pronged gripper is best for square or rectangular objects.

3-PRONGED GRIPPER

ITEM #B-001

4-PRONGED GRIPPER

ITEM #B-002

TWEEZERS - We carry an extremely comprehensive line of specialty tweezers. Those that follow are only a basic selection among our most popular tweezers. Many high precision specialty shapes are available upon request. Tweezers #1-7 below are non-magnetic stainless steel that is softer and less likely to scratch delicate surfaces.

TWEEZERS (CL-1) Straight tip crosslock with insulated grip.
ITEM #B-011

TWEEZERS (CL-2) Angled tip crosslock with insulated grip.
ITEM #B-012

TWEEZERS (#1) Fine sharp, straight tip, light to medium grip.
ITEM #B-013

TWEEZERS (#4) Extra-fine straight tip, light grip
ITEM #B-014

TWEEZERS (#5) Fine, offset tip, light to medium grip.
ITEM #B-015

TWEEZERS (#6) Sharp, abrupt angle, can be used at end as well as point, light to medium grip.
ITEM #B-016

TWEEZERS (#7) Angled (more than #5), curved tip, fine point, light to medium grip.
ITEM #B-017

TWEEZERS (P-1) Plastic serrated jaw, won't mar plastic parts or figures.
ITEM #B-021

TWEEZERS (XL-1) Extra-long, 12" with alignment pin. It will reach into model buildings, cars, or over obstructions. Blunt serrated tip, nickel-plated drop-forged steel.
ITEM #B-031

RAIL NIPPERS - This 7" diagonal flush-cutting pliers is a perfect rail nipper. It cuts fast and cleanly with a handle coil spring which reduces user fatigue.
ITEM #B-160

THIRD HAND - This extra heavy (18 oz) horseshoe-shaped base is available alone or in a set with stainless steel crosslock tweezers. A great aid to soldering and assembly. If you bolt a small angle to our painting clamps, they can be held to the base in lieu of the tweezers.

THIRD HAND
ITEM #B-100

THIRD HAND WITH STRAIGHT TIP TWEEZERS
Stainless steel crosslock tweezers has insulated grip.
ITEM #B-101

THIRD HAND WITH ANGLED TIP TWEEZERS
Stainless steel crosslock tweezers has insulated grip.
ITEM #B-102

HEMOSTAT - Handle locks in two positions for clamping or holding objects. Stainless steel hemostat with plastisol insulated grip will not damage soft materials. Available in angled or straight tip.

HEMOSTAT - Angled tip, 5-3/4"
ITEM #B-151

HEMOSTAT - Straight tip, 5-3/4"
ITEM #B-150

PROBE SET - The probes in this three piece set are made of stainless steel. Each probe is a different shape and has a strong, flexible tip.
ITEM #B-175

WOODEN PLIERS RACK - Seven pliers fit in slots above with shelf below for small tools.

PLIERS RACK - 6"x 2½"x 5¼"
ITEM #C-001

PLIERS RACK WITH DRAWER - 6"x 4"x 7" has drawer below shelf for storage of additional tools.
ITEM #C-002

BRASS MODEL-MAKERS' CLAMPS - These are beautifully finished solid brass clamps. Jaws can be padded with self-adhesive foam or cork to protect delicate surfaces. They are available in two sizes.

SMALL BRASS CLAMP - Maximum clamping length: 4-5/8"; depth of jaws: 1/2"; bar size: 5/32" square ITEM #C-010

LARGE BRASS CLAMP - Maximum clamping length: 11-3/4"; depth of jaws: 9/16"; bar size: 3/16" square
ITEM #C-011

PAINTING CLAMPS - Our well-designed solid oak spring clamps are available in N, HO or S scale. Other sizes for larger scales are available by special order. Clamps may be trimmed to size for special needs. Foam padded jaws gently but firmly hold car or engine shells for painting or detailing.

Base has 1/4" hole to allow bolting to brackets or our third hand, or to set down over a peg or nail between hand-held operations. We suggest using two clamps for long passenger cars or freight cars.

N SCALE PAINTING CLAMP
ITEM #C-020

HO SCALE PAINTING CLAMP
ITEM #C-021

S SCALE PAINTING CLAMP
ITEM #C-022

EZE-LAP SHARPENERS - The diamond surface is ideal for leveling rail joints as well as flattening longer areas. We have an extensive line with additional configurations of diamond flatteners, and knife and chainsaw sharpeners.

EZE-LAP MODEL L SHARPENER - 3/4"x 2" on a 6" tapered paddle. Fine.
ITEM #D-141f

EZE-LAP MODEL L SHARPENER - Medium
ITEM #D-141m

EZE-LAP MODEL L SHARPENER - Coarse
ITEM #D-141c

EZE-LAP MODEL M SHARPENER - This self-storing sharpener has a 3-3/4" shaft with scabbard. It opens to 8 1/4".

ITEM #D-615

EZE-LAP MODEL S SHARPENER - This pocket model shape combines flat, half-round and a groove into a single unit stored in a sheath with pocket clip. Ideal for awls or fish hooks.

ITEM #D-620

EZE-LAP DIAMOND NEEDLE FILES - These files are available in a dozen cross-sections and in fine (600) or coarse (200) grits. They excel in cutting brass, copper, white metals and plastics, as well as steel and carbide without clogging like ordinary files. They cut on both push and pull stroke.

DIAMOND NEEDLE FILE - Round
Fine ITEM #D-601f
Coarse ITEM #D-601c

DIAMOND NEEDLE FILE - Square
Fine ITEM #D-602f
Coarse ITEM #D-602c

DIAMOND NEEDLE FILE - Threesquare
Fine ITEM #D-603f
Coarse ITEM #D-603c

DIAMOND NEEDLE FILE - Half round
Fine ITEM #D-604f
Coarse ITEM #D-604c

DIAMOND NEEDLE FILE - Flat/Warding
Fine ITEM #D-605f
Coarse ITEM #D-605c

DIAMOND NEEDLE FILE - Knife
Fine ITEM #D-606f
Coarse ITEM #D-606c

Coarse ITEM #D-608c

DIAMOND NEEDLE FILE - Crossing
Fine ITEM #D-609f
Coarse ITEM #D-609c

DIAMOND NEEDLE FILE - Barrette
Fine ITEM #D-610f
Coarse ITEM #D-610c

EZE-LAP DIAMOND NEEDLE FILES - Cont.

DIAMOND NEEDLE FILE - Round edge joint
Fine ITEM #D-611f
Coarse ITEM #D-611c

DIAMOND NEEDLE FILE - Slitting
Fine ITEM #D-612f
Coarse ITEM #D-612c

DIAMOND NEEDLE FILE - Pippin
Fine ITEM #D-613f
Coarse ITEM #D-613c

SOLVENT DISPENSER BOTTLE - Ideal for solvent glues and weathering solutions. This is a four ounce polyethylene bottle with a stainless steel pump, bowl and lid. Depressing the top gently dispenses a few drops into the bowl, keeping the bulk of the solution from evaporating or being spilled. Bottle is suitable for alcohol, acetone, M.E.K. and fluxes among many others. Self-adhesive labels are included for commonly used liquids.
ITEM #E-001

BRIGHT BOY PAD - Large size: 2 $\frac{1}{4}$ "x 1-1/8"x 3/8". Gentle abrasive action is recommended for track cleaning. It also does a great job on restoring legibility to rulers and scales. Bright Boy works well on brass, copper, nickel steel and even hardened tool steel.
ITEM #E-005

SANDING STICK - This stick provides an easy way to get to hard-to-reach areas. It is tapered at one end to allow the entire belt to be used. Sticks come in five colors, each with different grit.

SANDING STICK KIT - Includes three sticks (#E-571, #E-572, #E-573) and 15 belts.
ITEM #E-570

SANDING STICK - Red, 120 grit
ITEM #E-571

SANDING STICK - Blue, 240 grit
ITEM #E-572

SANDING STICK - Green, 320 grit
ITEM #E-573

SANDING STICK - Yellow, 400 grit
ITEM #E-574

SANDING STICK - Black, 600 grit
ITEM #E-575

SANDING BELT - 120 grit, 10-pack
ITEM #E-576

SANDING BELT - 240 grit, 10-pack
ITEM #E-577

SANDING BELT - 320 grit, 10-pack
ITEM #E-578

SANDING BELT - 400 grit, 10-pack
ITEM #E-579

SANDING BELT - 600 grit, 10-pack
ITEM #E-580

SANDVIK SCRAPERS - Each scraper has a precision-sharpened tungsten carbide blade which is more than twice as hard as hardened steel and will last up to 100 times longer than steel. The scrapers have a cast aluminum shaft and ergonomic plastic grip.

#400 UTILITY SCRAPER - 50mm blade, can be used with both push and pull stroke movement.
ITEM #I-001

#448 MINI-SCRAPER - 25 mm triangular blade, can be used with both push and pull stroke movement
ITEM #I-002

#450 HEAVY DUTY SCRAPER - 65mm blade, use for pull stroke work only, extra grip on top of shaft for increased scraping pressure.
ITEM #I-003

REPLACEMENT BLADE for #440 scraper
ITEM #I-004

REPLACEMENT BLADE for #448 scraper
ITEM #I-005

REPLACEMENT BLADE for #450 scraper
ITEM #I-006

MITER BOX AND BRASS BACK RAZOR SAW SET - Aluminum miter box has two 45 degree and one 90 degree cutting slots. 10" saw has an easily changeable 1 $\frac{1}{4}$ " blade and cuts cleanly and accurately.
ITEM #H-010

OLFA MULTI-PURPOSE CUTTER - Includes .6 super sharp snap-off blades in a comfortable handle. It cuts paper, cardboard, vinyl, leather, scenery mats, film, and rubber. Use with cutting mat for best service.

ITEM #F-001

OLFA TECHNIC KNIFE - This knife has a reversible, super sharp, curved tungsten steel blade which allows the knife to be pushed, pulled or rocked to achieve very delicate shearing cuts. Ideal for hard-to-trim materials such as basswood and balsa as well as for thin shapes like molding and scale extrusions. Complete with three blades. Use with cutting mat for best service.

ITEM #F-005

OLFA TECHNIC KNIFE REPLACEMENT BLADES
Pack of three tungsten steel super sharp blades for Technic Knife.

ITEM #F-006

OLFA ROTARY CUTTERS - These have super sharp rotating blades that excel at cutting materials that are easily stretched or deformed, such as cork, felt, decals, celluloid or fabrics. Used freehand, they follow intricate contours, but can also be used with a straightedge.

OLFA ROTARY CUTTER - Standard

ITEM #F-007

REPLACEMENT BLADES for standard rotary cutter (two in pack)

ITEM #F-008

OLFA ROTARY CUTTER - Heavy duty

ITEM #F-009

REPLACEMENT BLADE for heavy duty rotary cutter

ITEM #F-010

OLFA COMPASS CUTTER - Cuts circles up to 6". It comes with five spare blades and a pencil lead.

ITEM #F-015

REPLACEMENT BLADES for compass cutter
5 snap-off blades

ITEM #F-016

OLFA CUTTING MATS - These double-sided mats are a three-layer sandwich of PVC: soft-hard-soft. The surface is self-healing, so subsequent cuts do not follow prior cut lines. Your cutting blades will last longer and the work surface is protected. One side is printed with high-visibility yellow 1" grids and diagonals. The other side is plain green.

OLFA CUTTING MAT - Standard (1.5mm thick) 12"x 18"

ITEM #F-022

OLFA CUTTING MAT - Standard (1.5mm thick) 18"x 24"

ITEM #F-023

OLFA CUTTING MAT - Standard (1.5mm thick) 24"x 36"

ITEM #F-024

OLFA CUTTING MAT - Heavy duty (3mm thick) 12"x 18"

ITEM #F-030

OLFA CUTTING MAT - Heavy duty (3mm thick) 18"x 24"

ITEM #F-031

OLFA CUTTING SET - Includes standard rotary cutter, 6"x 18" mat, spare blade.

ITEM #F-040

OLFA CUTTING SET - Includes heavy duty rotary cutter, 9"x 24" mat.

ITEM #F-041

SCALPEL - This scalpel has a blade similar to a #11 Xacto blade, but it is much sharper and more delicate. It should not be used for heavy cutting, but excels at all trimming and paring tasks. The handle is stainless steel with finger grooves which allow a positive grip. Blade changing is quick and easy by sliding blade onto handle until it snaps into position.

ITEM #F-050

SCALPEL BLADES - 12-pack

ITEM #F-055

SCALE RULE - This stainless steel 12" rule has H, O, N and S gauges as well as inches and millimeters.

ITEM #G-050

CUTOFF WHEEL/RAIL CUTTER - Exceptionally strong rubber bonded aluminum oxide wheel mounts on mandrel (to use with flexible shaft power tool) for rail cutting operations.

ITEM #J-101

MANDREL for use with cutoff wheel/rail nipper, 3/32" shank.

ITEM #J-102

MANDREL for use with cutoff wheel/rail nipper, 1/8" shank.

ITEM #J-103

FOREDOM POWER TOOL CATALOG - Includes Foredom flexible shaft power tools, holders, bench lathes, speed controls and handpieces.

ITEM #K-001

FOREDOM ACCESSORY CATALOG - Contains burs, cutters, buffs and other accessories.

ITEM #K-003

GROBET CATALOG - 240 page full color catalog of files, tweezers, casting supplies, rotary tools - everything for modelmakers.

ITEM #K-005

MAIL ORDERS

Clearly print all requested information on the enclosed order form. Please include item numbers, descriptions and prices. Payment is only accepted in U.S. funds.

Send orders to:

<p>BEAUMONT'S QUALITY TOOLS 410 EAST 48TH STREET MINNEAPOLIS, MN 55409</p>
--

PHONE ORDERS

Telephone orders are accepted for credit card payment only. For your convenience, please have your credit card ready and the order written down before calling. Call (612) 824-4921 from 10:00 a.m. to 5:30 p.m. Central time Monday-Friday to place your order.

PRICES

If you are using an expired price list, some prices may have increased. You will be contacted before any item is shipped at a higher price.

SHIPPING CHARGES

Most orders will have a set shipping and handling charge of \$3.50. An additional charge will be made for very heavy shipments. You will be contacted before any additional charge is made.

BACK ORDERS

Occasionally, unexpected demand will cause stock shortages. Back orders should be filled within thirty days. You may cancel your order any time by writing or calling.

EXCHANGES AND RETURNS

When returning merchandise for exchange or refund, the packing slip should accompany the return. Send returns by U.P.S. or insured Parcel Post.

ABOUT BEAUMONT'S

Beaumont's Quality Tools is a small owner-operated shop specializing in hand tools for the particular craftsperson. We carry a wide selection of precision tools for technicians, model makers, woodworkers, jewelers and luthiers.
